PROFESSIONAL SKILLS

LOGISTICS/BUDGETING

- Consistently managed accountability of over \$300k in materials, resourced funding and materials for an annual budget of \$300,000. Complete financial management cycles; Assessment, Contracting cycle, After Event Assessments, Adjustments, and Reporting. Collaboration with at least five other internal entities required.
- Managed the increase of equipment operational readiness to over 95 percent through implementation of a recognized maintenance program. Savings to the Army was significant.
- Streamlined and restructured inspection process for an Annual Evaluation Visit, utilizing a highly innovative approach saving countless man hours, inspecting more than 200 folders, directly contributing to overall "Excellent" rating.
- Designed and directed internal and external policies, procedures and processes to minimize total supply chain cost and maximize supply chain effectiveness through utilization of abandoned resources, reclaimed materials, and outside donations.

PROFESSIONAL EXPERIENCE

Safety & Security

- Designed reports of daily activities; enumerating personnel issues as experienced by team interactions with other personnel; enacted reporting of specialized equipment or property that was not regularly tracked by Administration, presence of unauthorized persons, or unusual occurrences. Reports were submitted daily to the Assistant VP, weekly to the President/COO, with a quarterly compilation to the aforementioned.
- Directly supported the Army safety program by providing verbal and written guidance, taking necessary action, setting the example and providing adequate resources resulting in zero casualties for more than a decade.
- Supervised monthly perimeter patrol with my team and weekly subordinate vehicle inspections in order to deter illegal activity and contraband on the military installation. Zero faults in two decades.
- Monitored and authorized entrance and departure of personnel, vendors and other persons to guard against theft and maintain security of premises under my direct auspices. No security breaches in two decades.
- Attended Personal and Team Security Training provided and directed by U.S. Army senior leadership Security Specialist/Military Police, by invitation.
- Participated in Shoot-house training/observation, Reflexive day and night live fire qualifications, Range Days, Active Shooter Training, Active Shooter in Places of Worship Training.

TRAINING AND COLLABORATION

Training, Development and Evaluation

- Reporting and tracking of students and student impact on organization resulted in program named as #1 in the U.S. Army for at least five years consecutively. Developed and implemented training package with certifications and assessments.
- Planned and coordinated training programs for 17,000 military couples and singles of high school and university student ages. Food preparation, child care, facility and equipment readiness, staff requisition and full financial management cycle, contracting platform, all supervised or managed personally, over 32 months.
- Conducted monthly training for assigned subordinate staff, assessed operational standard adherence via inspections. Resourced personnel assets ensuring a seamless reception and integration into positions producing organizational readiness, personal growth and professional growth. Resulting in reductions of adverse personnel issues by more than 11% over 32 months.
- Developed training timelines, allocated materials, services and supervising personnel for training exercises for up to 500 persons. After Action Assessments conducted for every event. Numerous public accolades and awards for superior training scenarios.
